Subject: Lisbon Conference Update , April 2025

Dear ISEI and Eurlyaid Members,

Despite the complex world situation, our international community has continued to pursue innovative efforts to provide comprehensive Early Childhood Intervention (ECI) in support of all children and their families. This commitment is reflected by the fact that over 400 Abstracts from over 60 countries have been accepted by the Scientific Program Committee for presentation at our Lisbon conference. The preliminary program is expected to be available by the end of May. We thank all our colleagues for their involvement in our conference and for their contributions to the ECI community.

As you know, the 2025 International Society on Early Intervention (ISEI) conference is being held this year in partnership with the European Association on Early Childhood Intervention (Eurlyaid) and hosted by ISCTE, University of Lisbon. Administrative details for our conference are being organized by Eurlyaid and information about conference fees (note: the “early bird” closing date is May 15) and registration is available as follows:

There are many hotels in Lisbon. A few, in the immediate neighborhood of ISCTE University where the conference will be held, were very kind to offer a discount. However: the available rooms with a discount are limited. You will find the links here:

Lisbon has an extensive underground system. From any hotel in Lisbon you will be able to reach "Campo Grande" easily:
